**Each road authority may have additional conditions or exceptions to the following:**

- 1. The permit is specific to a single load.**
- 2. A copy of the permit must be carried in the vehicle and shown to police or highway officers upon request.**
- 3. Permits are valid only for the period specified.**
- 4. Permits are restricted to the roads listed in the permit.**
- 5. Permits apply only to the load approved.**
- 6. Permit holders must check all clearances on their route before transport.**
- 7. Permit holders must ensure the route is suitable on the travel day, avoiding construction and events. Check [www.Municipal511.ca](http://www.Municipal511.ca) for updates.**
- 8. Additional permits may be needed for utilities above the roadway, e.g., Hydro One requires a permit for loads over 14.2 feet (4.32 meters).**
- 9. Approval from railway companies is required for routes crossing railways.**
- 10. Loads must comply with seasonal and posted load restrictions.**
- 11. Trips are restricted to daylight hours, Monday to Friday, excluding statutory holidays.**
- 12. Travel is prohibited in hazardous conditions such as ice, snow, or poor visibility. If inclement weather occurs, vehicles must stop at the first safe location.**
- 13. Drivers or their company must report any damage to road authority assets immediately.**
- 14. Drivers or their company must report the removal and return of any assets, including signs.**
- 15. The permit is subject to Ontario Highway Traffic Act regulations, especially Reg. 363/04 – Security of Loads, and Section 109 signs and flags.**
- 16. Escorts, as required by the HTA, are the responsibility of the applicant/carrier.**
- 17. For loads over 50,000 kg, bridge crossings should be in the center of the road at the lowest speed possible.**
- 18. Permits may be canceled without notice if conditions are violated.**
- 19. Permit holders must report any road blockage lasting more than five minutes.**
- 20. Notify the road authority as soon as possible if a trip is canceled.**
- 21. Permit holders and their contractors must indemnify and hold approving jurisdictions harmless against any claims or damages related to the permit.**
