

**ADDENDUM 1 - Q&A**

This Addendum forms part of the Request for Tender documents package, 2026-007 – Multi-Year Tender – Supply, Deliver, Mix and Stack Washed Granite Screenings and is to be read, interpreted, and coordinated with all other parts accordingly.

Addendum 1 contains responses to the following inquiries:

#	Question	Reply
1	<p>For clarification I am attaching the OPSS.PROV 1001 and 1004 specifications.</p> <p>The bid document specifies 1001 which is the general spec. 1004 details the requirement for winter sand. Most notably is table 12 that speaks to the allowable % passing the 75um sieve. This is important as we have seen samples that are out of this spec that can result in frozen material that can upset spreaders. The fine material is prone to clumping and freezing. Thorough washing is required to achieve this. Referencing 1004 in the bid document will prevent potential contractors from advantaging this</p>	<p>Washed granite screenings will be expected to conform to OPSS.PROV 1004 specs.</p>
2	<p>Conflicting information as to who is to supply the salt for this contract.</p>	<p>Contractor is to supply all salt for this contract.</p>
