

Important Election Information

The Municipal Election is Coming Up on October 26, 2026

While that may seem like a long time from now, you must check that you are in the database for the voters list to ensure you are properly registered. We recommend that all eligible voters do this before **July 31, 2026**.

Please Note

- If you voted in the last municipal or provincial election, that does not mean you are set to vote in this one.
- MPAC is no longer managing data for the voters list. Voter details are now managed through the Elections Ontario database.
- Your property in Seguin must be in the Elections Ontario database, and your personal info must be assigned to that property to vote in the Seguin municipal election.
- Voters are reminded they should be registered with Elections Ontario not only for the municipality where their primary residence is located, but also properties they own in other municipalities that are not their primary residence.

Important Election Information: Details

Voters must be registered in the Elections Ontario database and associated with a property located in Seguin to be eligible to vote in the Seguin Municipal Election on October 26, 2026.

Whether you own a property in Seguin, are the spouse of a Seguin property owner, or a tenant (renter) of a property in Seguin, you must be registered in the Elections Ontario database and associated with a property in Seguin to be eligible to vote (this property is known as the qualifying address).

It's important to remember that legislation states it is the voter's responsibility to ensure they are on the voters list.

What's Different in 2026

Prior to this upcoming municipal election, The Municipal Property Assessment Corporation (MPAC) was responsible for providing municipalities with the Preliminary List of Electors—the database used to create the voters list.

After the last regular municipal election, the Province of Ontario moved that responsibility from MPAC to Elections Ontario. Elections Ontario now provides the municipalities with the Preliminary List of Electors data to create the voters list.

Elections Ontario is promoting, and Seguin Township is recommending, that electors check to ensure they are registered through Elections Ontario to vote, even if they have been on the voters list for previous municipal or provincial elections.

Important Election Information: Details, cont'd

Seguin staff have used the Elections Ontario database and discovered that some members of our team, both permanent residents and non-permanent residents, who successfully voted in the last election are not in the Elections Ontario database.

Voters are reminded they should be registered with Elections Ontario not only for the municipality where their primary residence is located, but also properties they own in other municipalities that are not their primary residence.

How You Can Help

Seguin Township is encouraging community leaders to help spread the word to voters. Please share this information with your community, family, friends and members of your association (if applicable). Checking the database now and correcting or adding their information will be less rushed now than in September or October.

Questions and Concerns

Contact Seguin Clerk's Department by calling 705-732-4300 or emailing info@seguin.ca.

Timing

Seguin Township recommends Seguin voters check that their personal information, including their mailing address, is correct in the Elections Ontario database before **July 31, 2026**.
